Main educational purpose of camp:

- To develop concern for the environment
- To develop awareness and acceptance of our own and others' capabilities
- To develop confidence and courage
- To develop tolerance and co-operation
- To develop responsible attitudes and independence
- To develop ability to cope with new experiences
- To develop acceptance of the need for rules and regulations

Your Role as a Parent Helper

We are very grateful for your decision to join our team as a parent helper at camp. It looks to be an enjoyable few days together.

- Your main responsibility is to act in "loco parentis" as we do, although the teachers will take the ultimate responsibility in planning, control, supervision, major decisions and follow up work. We ask that you assist us in all areas of camp life.

- There will be times when you will be required to make decisions using your own discretion and initiative just as you would at home.

- You will be assigned a group of children to guide, encourage, support and supervise. Please stay with this group for all activities (including duties) unless advised otherwise.

- During activities please keep an eye on your group and check that they:
 - are all present (before, during and after an activity)
 - are suitably dressed (shoes etc)
 - have all the required gear/equipment
 - know what to do / where to go
 - are safe and behaving in a safe way

- Be prepared to have fun and laugh with the children. Expect respect and co-operation from all the children at camp.

- Please be aware of potential hazards and be familiar with emergency procedures and RAMS.

- We couldn't run this camp without you. We want you to enjoy the experience and to please ask for any help or support needed.
